DCID No. _____
(New Series)DRAFT NO. 3
3 December 1959DIRECTOR OF CENTRAL INTELLIGENCE DIRECTIVE NO. _____¹

SUBJECT: Control of Dissemination and Use of Intelligence and Intelligence Information

Pursuant to the provisions of NSCID No. 1 (New Series, 15 September 1958), paragraph 2 (a) (5), and paragraph 5, and for the purpose of protecting intelligence, intelligence information,² and intelligence sources and methods from unauthorized disclosure, the following procedures are established to uniformly control the dissemination and use of intelligence and intelligence information.

1. The basic control for the safeguarding of classified information is established by Executive Order 10501. Section 7 (c) of Executive Order 10501 stipulates that defense information originating in a department or agency will not be disseminated outside another receiving agency without permission of the originating agency, except as provided in Section 102 of the National Security Act of 1947, as amended. In order, however, for the Intelligence Community³ to discharge its responsibilities more effectively, each member agency, through authorized processing facilities, may reproduce documents containing intelligence and intelligence information originally issued by another; and such information may be disclosed to other USIB agencies unless otherwise excepted.

¹This Directive supersedes DCID No. 11/2 of 11/15/54.

²Intelligence information is defined as that information collected for intelligence purposes which has not been evaluated by comparison with the existing body of knowledge on the subject reported upon.

³The Intelligence Community includes the Central Intelligence Agency; the intelligence components of the Departments of State, Defense, Army, Navy and Air Force, and of the Joint Staff (JCS); the Federal Bureau of Investigation; the Atomic Energy Commission and the National Security Agency.

2. The policy of release of classified defense information to foreign governments is established by the Presidential Directive of 23 September 1958, "Basic Policy Governing the Release of Classified Defense Information to Foreign Governments." In accordance with the Presidential Directive, documents originating in another agency containing classified intelligence and intelligence information shall not be disseminated by recipient departments or agencies to any foreign government¹ without the consent of the originator.

3. The standardization of the control stamps and the procedures set forth in this Directive are to be uniformly employed by all departments and agencies in the Intelligence Community thereby assuring like control and use of intelligence and intelligence information disseminated within the departments and agencies represented on the United States Intelligence Board. The substance of this Directive will be published in the appropriate regulation or notice media of each agency or department.

4. Whenever an originating department or agency deems it necessary to provide special controls for intelligence or intelligence information, either by virtue of the substance of the information itself and/or to provide additional protection to intelligence sources and methods, the appropriate control stamp or stamps will be placed upon the document. Any document disseminated or used within the Intelligence Community or outside the Intelligence Community and bearing one or more of the control stamps set forth in this Directive will be carefully controlled by all recipients in strict conformity with requirements and restrictions of this Directive. Oral disclosures of information are to be in conformity with the intent and requirements of this Directive.

5. In accordance with paragraph 4 the following control stamps shall be used for the marking of intelligence and intelligence information.

¹For the purpose of this Directive, foreign governments shall include foreign nationals and immigrant aliens even though they are used, integrated or employed by the United States Government.

d. In Finished Intelligence

The information in any document not bearing the control marking "NOFORN" may be used in finished intelligence but not in digests and summaries which may be subsequently disseminated to foreign governments as the producer of the finished intelligence deems appropriate and necessary, provided, however, that the information is used in a manner which conceals the originating agency, the source, the place acquired and any indication of the method of acquisition.

6. Any recipient agency or department desiring to use, quote, extract, summarize, or disseminate a document marked with a control in a manner not permitted by the limitation of that control stamp, must obtain the permission of the originating agency. Permission from the originating agency to utilize, in whole or part, any intelligence or intelligence information in a manner other than specified by the control markings applies only to the specific purpose of the requestor and does not automatically apply to all recipients of the information as originally disseminated, unless the originating agency removes the control marking for the benefit of all recipients.

7. These control markings and procedures do not supersede nor affect the special controls for the dissemination and use of special and atomic intelligence nor do they affect special indicators utilized by the various departments and agencies for established distribution of material. In addition, these markings and procedures do not affect other control measures established by the various departments and agencies for information subject to laws concerning copyright, libel, slander, and communications, nor other information which for moral, ethical, or legal reasons must be protected by other control measures.
